Dragon age inquisition romance blackwall guide

Next Romances Cullen Prev Romances General Information BlackwallTo can enter into a love relationship with Blackwall? You can only enter into a relationship with Blackwall if you play as a woman, regardless of race. How to build a positive relationship with Blackwall? For all the conversations Blackwall is involved in (whether you're talking eye-to-eye or with more characters), choose dialogue options that suggest a sincere and simply honest approach. In addition, try to be merciful to others (e.g. when you have to decide the fate of a captured opponent). Also, be sure to select all heart-marked dialogue options. More important steps: The first conversation with the Grey Guardian takes place after moving to Skyhold. Blackwall notes that your courtship is not so innocent and considers them out of place. Don't worry about it and look for options for dialogue with your heart. In addition to improving your relationship with Blackwall, complete the next parts of his first personal quest, Memories of the Grey. To complete this quest, you need to visit different locations and access some of them only after reaching Skyhold. After completing Memories of the Grey, you need to improve your relationship with Blackwall, to the point that it invites you on a trip to Storm Coast, during the Side Quest Explanations. Complete the task. Some time after the Explanation, Blackwall disappears from Skyhold and you won't be able to select him as an active party member. Do not worry about it, because it is related to his last side task - Revelations. Go to Val Royeaux to complete the quest. While completing the revelations, you must meet Blackwall in prison and return to Skyhold to pass judgment on the Grey Guard. If you are still interested in a relationship with him, you need to do one of the following - let him go to meet Gray Wardens, or let him decide his own fate. Finally, meet him in the stables at Skyhold to enter into a full-fledged relationship with him.
